DREAMS BECOME REALITY

World Bible School originated from Jimmie Lovell's dream "to preach the Gospel in every nation of the world." Prior to establishing WBS, Lovell produced ACTION!, a brotherhood publication to emphasize world missions through Bible correspondence.

Through ACTION! and his works stemming from it, Lovell connected Christians from the United States with a half million Students through postal correspondence courses. As the number of Students grew, Lovell established World Bible School in 1973.

In the September 1973 issue of ACTION!, Lovell wrote, "Oh how I've worked and prayed about all this, and how wonderful so many of you blessed souls have been to help make so much of what I mention in this paper possible ... I now bring you to one of the greatest works of them all - our WORLD BIBLE SCHOOL."

POSTAL CONTINUES TO SPREAD THE GOSPEL

In 2023, World Bible School received 729,653 requests for Postal Bible correspondence studies.

C.A.O. Essien from Nigeria completed a correspondence course and became a Christian in 1948. Essien went on to start many churches of Christ in Nigeria. Lovell contributed significantly to these early correspondence programs. Nigeria has since been one of the WBS top Student recruitment countries. In 2023, 242,109 Students from Nigeria requested to start a Postal correspondence study.

Yeshundas Dongardive completed the Master Series in March 2023 in Aurangabad, India. Upon becoming a member of the Aurangabad Church of Christ, Dongardive taught and baptized three additional souls into Christ.

Teach the Gospel on any device

NEW FRONTIERS

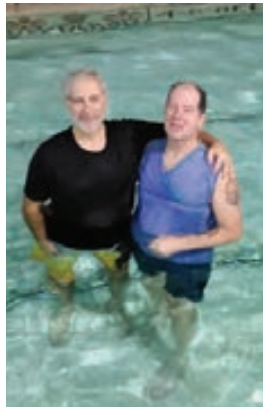

Since 1995, World Bible School has advertised its Bible correspondence courses online and offered ways to connect Study Helpers with Students digitally, starting with email correspondence. Since then we have launched our Bible correspondence website and most recently the WBS App.

With these advances, God has enabled us to expand our reach into new countries, generations and cultures. In 2023, 167,028 WBS Students registered Online from over 200 countries. With the recent expansions of the WBS App and WBS Lite (an app for Students with limited internet connectivity), we are now averaging nearly 20,000 Online registrations per month. Will you help answer the call to teach these Students who want to know the Gospel?

QUOTE FROM A WBS STUDENT:

"Today, I told friends and family that I am celebrating my birthday with so much joy and happiness because of the salvation of my soul, because I am among God's chosen children, because I have Christ and because of the Word of God which guides and leads me.

I also celebrate because I have peace in me, my home and all around me. I celebrate because I came in contact with WBS. Through them I knew Christ and understood the Good News of Christ better. Now I preach with boldness wherever I am. Lastly I celebrate because I was gifted another family who loves, encourages, cares and are always praying for me and my family. What more can I ask for!"

NEW SOLUTIONS FOR BIBLE CORRESPONDENCE

World Bible School started with Christians across the United States mailing Bible correspondence courses to seekers requesting a Bible study. This quickly became an endeavor to teach the Gospel to the entire world. For decades, WBS relied on U.S. and international postal systems to deliver courses between Study Helper and Student.

Prior to 2020, some Study Helpers were experiencing significant delays when using international postal systems in certain countries. This discouraged many Students from completing their lessons. When COVID swept the globe, a majority of international postal services were shut down, putting a screeching halt to congregations' postal correspondence programs.

However, when challenges come, God provides opportunities. WBS has been blessed to print the Master Series, our core correspondence curriculum, in several key countries. Having local inventory, we developed ways to digitally scan and send Students' answer sheets to and from congregations. Congregations simply print, grade, and re-scan the graded answer sheets back to WBS. Then, the graded answer sheet and next course can be delivered to the Student by WBS, thus bypassing the postal systems.

The Prattville church of Christ started this new method in January 2023. After setting up their scanning equipment, they graded 10,700 introductions and 7,180 subsequent courses in 2023. They also received 187 baptism requests! They now call us, excited about how much grading their Study Helpers are doing and wanting to see more congregations do the same.

OCEAN BRIDGE

Digital Scanning Correspondence.

Ocean Bridge enhances correspondence between Study Helpers and international Students studying the printed “Master Series” by utilizing digital scanning technology. Receive, grade and upload Student answer sheets to and from Ocean Bridge, and our WBS Service Centers will promptly deliver the answer sheets and next course back to your Students.

GET STARTED

To learn more about Ocean Bridge call 512-345-8190 or visit worldbibleschool.net/oceanbridge.

THE PROCESS

There are four stages of the Ocean Bridge process.

1. A Student receives and takes the course.
2. The Service Center retrieves and scans the Student's answer sheet and sends it to the congregation.
3. The congregation downloads, grades and re-scans the answer sheet.
4. The Service Center downloads, prints and delivers the answer sheet and new course to the Student.

OCEAN BRIDGE FEATURES

SERVICE CENTERS

WBS has established service centers in key countries to recruit Students within that region. These service centers coordinate the delivery of courses and answer sheets to and from the Student.

OCEAN BRIDGE PORTAL

Congregations can download their Students' answer sheets from the Ocean Bridge Portal. Once downloaded, they can print, grade, scan and upload the answer sheets back into the portal for the proper service center to deliver the graded answer sheet and following course to their Student.

FOLLOW-UP

WBS has established relationships with congregation leaders near our service centers to assist with Students who are interested in becoming a Christian after they have completed their courses through Ocean Bridge.

Valrico, Florida

When looking for a hybrid learning environment for their Bible curriculum in 2020, the Foundation Christian Academy in Valrico, Florida, turned to Mathetis. Jonathan Smith, President of FCA, said, “Our experience has been overwhelmingly positive. [Mathetis] meets our standards to be a Christian school in more than name only. We want to provide the kids with a Christian learning environment, where we talk about God and we interact with each other in a biblical or scriptural way. We’re trying to prepare kids for not just life after high school, but life after life.”

Round Rock, Texas

In 2020, the Westside church of Christ youth group in Round Rock, Texas, studied Mathetis in preparation for their summer mission trip. When COVID cancelled their trip, they turned to a different mission field – their community.

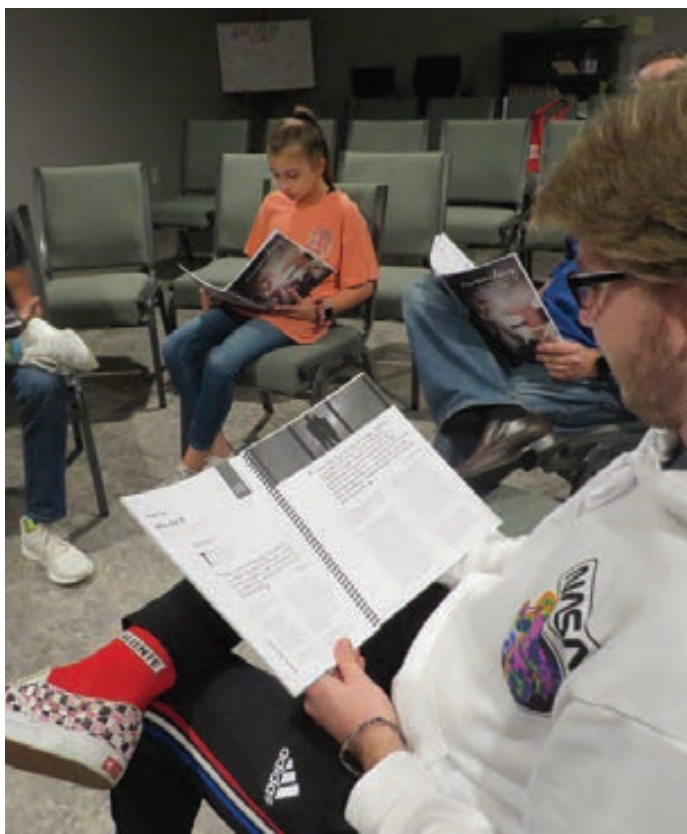

Hannah Sherwin said, “Towards the end of our preparation, we [were assigned to] study with someone. This was difficult at first, but following the Mathetis lessons helped us both gain something from the Bible studies.”

Bryson Davis said, “[Mathetis] has given me a roadmap and tools to conduct a personal Bible study. I no longer have an issue with not knowing what to talk about. I personally have been [studying] with one of my friends. I’ve never felt more confident in sharing my faith than when I’m using the Mathetis lessons.”

Oklahoma City, Oklahoma

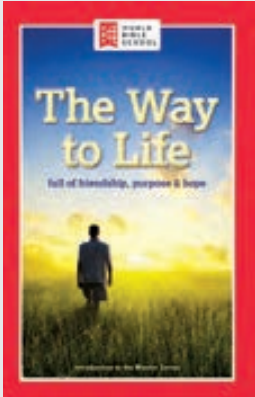

In March 2020, Tucson Redd from Oklahoma City, Oklahoma, created a group on Mathetis called the “Berean Outreach Bible Study” and initially invited two people. Redd encouraged his group to watch the videos and participate in online discussion. His group would also meet together virtually on Zoom every Tuesday evening for deeper study.

Today, the weekly Berean Outreach Bible Study group has grown to 20-25 participants that span across 22 states and multiple countries, and 11 souls have been baptized into Christ. Redd now encourages these new Christians to share their faith using Mathetis to fulfill the Great Commission. Brother Redd said, “The Mathetis courses have proven to be a very effective resource for teaching and learning. I thank God for the use of Mathetis and the success of the Berean Outreach Bible Class.”

MARKETPLACE MINISTRY

Pueblo West, Colorado

John and Inez Carney, who live in Pueblo West, Colorado, continue to find creative ways to share the Gospel. Several years ago they passed out “kindness kits” (which included water, food and toiletry items, a WBS Intro lesson and a note stating “Here’s something to get you through the day, and something to get you through eternity.”) to the homeless. Next they began mailing WBS Intro courses to everyone in the Pueblo West telephone book.

In 2020, John and Inez began what he calls their “marketplace ministry,” patterned after Paul’s practice in Acts 17 of going into the marketplace to preach Jesus. It works like this: John and Inez park their car in front of a local grocery store and put a magnetic sign on their car door that reads “Free Bible.” They stack WBS Bibles on a tray hooked onto the open window, and one of them sits in the car to give away Bibles to those who ask for them.

They also sometimes go to the shopping mall food court and into their local Starbucks, where they set up a “Free Bible” tabletop sign. John said that this worked well until one man complained about the sign. Not being discouraged, John printed “Free Bible” on T-shirts that he and Inez wore to become walking billboards for their ministry.

John and Inez have personally given away 488 WBS Bibles. They have had discussions with a large group of Jehovah’s Witnesses and have had two men request baptism. Their helpers, Chad and Beth Potokar and Steve Holloway, have given away dozens more Bibles in recent years. When expressing his excitement to encourage others, John wrote, “Anyone can do this work.”

On September 21, 2023, Inez passed away at the age of 94. Please remember John and the Carney family in your prayers. John, thank you for your and Inez’s example in service to the Lord.

LIBRARY FEATURES

CATEGORIES

Many of the same trustworthy WBS print resources you know are also available here in digital format. Explore titles from the Master Series, Advanced Courses, WBS Commentary and Mathetis in one easy-to-navigate platform.

LANGUAGES

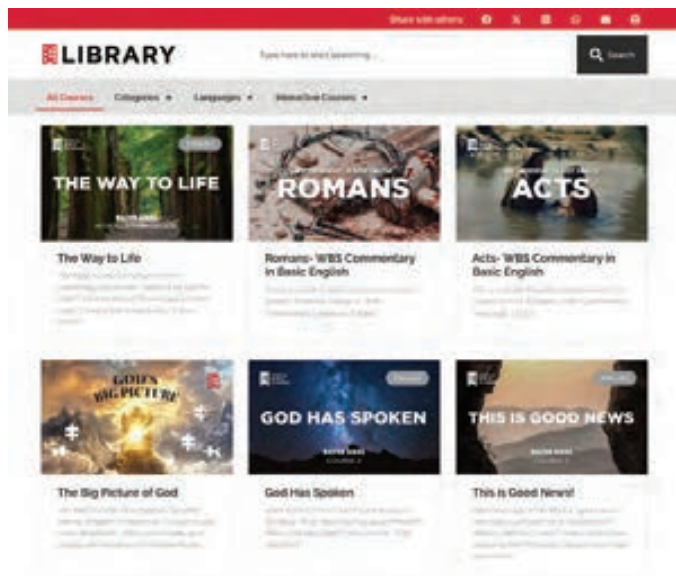

Library materials can currently be found in basic English with certain titles also available in Mandarin. There are also plans to expand language selections to include the WBS Master Series in Swahili, Indonesian, Spanish, Portuguese, French, Russian, Telegu, Hindi and more.

INTERACTIVE COURSES

Users of the WBS Library website will find easy access to connected interactive courses associated with both World Bible School and Mathetis.

NEW AND UPCOMING MATERIALS

We are regularly releasing books from our WBS Commentary in Basic English. We are also adding the WBS Bible Curriculum, which will include "Unity in Christ," "Understanding the Bible," "Covenant Series" and "History of God's People" and "Building a Christian Marriage and Family."

WHAT DOES THE LIBRARY OFFER?

The WBS Library is all-digital, dynamic, ever growing, attractively designed and practical, drawing readers to the Gospel and the call of discipleship in Jesus Christ.

The Library serves a number of strategic purposes for world evangelism. Consider, for example, the five basic courses of the WBS Master Series in Mandarin Chinese, which was translated from English some time ago. The courses in Chinese are a valuable resource with the potential for benefiting millions who speak and read Mandarin in China and some 50 million souls from other parts of the globe. However, WBS lacked sufficient Chinese teachers for its typical model that pairs each seeker with a Christian volunteer teacher (Study Helper). In the meantime, while WBS works to build a teaching base, we want to make the Mandarin Master Series available for Chinese seekers now! The WBS Library is the solution.

As you encounter Chinese speakers locally, in your international travels or on social media, you can share the WBS Library website. As additional languages are posted, they will be announced so that you can inform friends who can benefit.

WHY IS TRUTHFUL STUDY IMPORTANT?

The pressure to conform with the majority is intense. There is a high price to meaning the confession "Jesus is Lord." To pay the price, to withstand the pressure, requires genuine faith in Christ. That faith comes from His Word. We listen to the voice of the Shepherd and follow where He leads. That is why the study of God's Word is so essential, which becomes all the more true as pressure increases internally and externally.

Are you looking for healthy teaching in line with the confession "Jesus is Lord," which promotes His one faith, one hope and one baptism into one body? If so, we invite you to benefit from the WBS Library which promotes Christ and His New Testament Christianity.

CONNECT FEATURES

CAMPAIGNS

Connect Campaigns is a feature within a Congregation Group, which allows Study Helpers to create customized URLs to promote WBS within their local or mission communities. Any Student who registers using a congregation's Connect Campaign URL is automatically added to the congregation's Student Board.

WEB TARGETS

Connect Web Targets is a feature within a Congregation Group, which allows Study Helpers to target Students within specific geographical areas. Study Helpers often choose to target their local or mission communities. Once a target has been created, any new WBS Student who lives within a congregation's Web Target will be added to their congregation's Student Board.

PERSONAL CAMPAIGN

Each Study Helper is given a Personal Campaign URL which can be used to recruit WBS Students. Any Student who registers using a Study Helper's Personal Campaign URL will trigger a notification to the Study Helper and the Student will be visible on the Study Helper's Personal Student Board.

PERSONAL QR CODE

Study Helpers using the WBS App are equipped with a Connect Personal QR Code which can be used to recruit WBS Students. Any Student who registers by scanning the QR code bypasses all Student Boards and is automatically adopted by the Study Helper whose code they scanned.

CAMPAIGN RESOURCES

Visit worldbibleschool.net/resources to check out the free resources available to download and print, which can be used to recruit Students within Connect Campaigns and Web Targets.

Designs like these are available to download and print for free at worldbibleschool.net/connect. Customized versions are free to download and print after creating a Connect Campaign.

Log into worldbibleschool.org and visit your congregation's group to access these features.

MORE WAYS TO GET INVOLVED

FOLLOW-UP

Every year, WBS Study Helpers refer thousands of seekers to brethren for Follow-up. These seekers have been introduced to the Gospel message through one of our WBS Bible studies. They are eager to meet a Christian face-to-face for more Bible learning, to worship with believers or to obey the Gospel in baptism.

WBS is looking for Follow-up Coordinators and Follow-up Partners who are eager to help connect seekers to the Lord and to His church. Can you help?

Learn more at worldbibleschool.net/follow-up.

INCENTIVE BIBLE PROGRAM

WBS offers free WBS Study Bibles for Postal and Online Students who have completed the "Master Series" through Born of Water and Spirit (the fifth course in the series).

Send your qualifying Students an Incentive Bible by calling our office at 512-345-8190. Study Helpers simply pay for shipping. You can also donate to WBS to provide the next Student a free Bible at worldbibleschool.net/give.

“It is a joy to study with sincere WBS Students that want to study the Bible. Believe me, the time is well spent. Many Students are so excited to study the Bible lessons! The Great Commission is still for me. I love being able to study with Students from all around the world with WBS. It’s a wonderful experience!”

-Pam

“WBS Study Helpers do the teaching and we do the reaching. Mission work is about seeking and saving the lost. WBS finds the open doors for us free of charge. Partnering with WBS is a smart way of doing mission work.”

-George Funk

“When I stumbled onto your website, it opened up the world for me. I believe that the Lord Jesus Christ brought me to your site to be saved and baptized by water and the Holy Spirit as well. As a WBS Student, I found myself lost in the Word of God and soaking it up like a sponge. May God bless you and the staff of WBS.”

-Desiree

I can truthfully say, you have never experienced such interest and excitement as this work will bring. You will be keeping some of the Lord's commandments and it will bring you happiness in the church like you have never had before. You will be preaching Christ from your own home not from a church building, which proves it can be done from both.

I ask again that every preacher, elder and member who reads this becomes involved as it will help you toward that home where there are no tears, no night. I send this with a prayer and my love.
